A note from Mrs Peacock

Another busy week in school with lots going on and new opportunities to work with our friends from Kirkby.

Jaguars visited Carlton Lodge along with Palm class from Kirkby - they had a great time - look out for all their news coming soon on the Jaguar Class page of the website. A group of Y6 pupils went over to Kirkby on Thursday afternoon to take part in maths activities with Mr Donaldson. They worked hard and had fun.

You should all have received slips with firm appointment times for parents evening next week. We are looking forward to seeing you.

Sharon has been poorly this week - we hope she is feeling better and look forward to seeing her soon.

Early April Fools

You may have heard your children complaining about having to come to school at the weekend to make up lost time due to the snow days!

'The SSDR (Statutory Snow Day Ruling) requires all current Year Six pupils to make up any time missed through Snow Days on Saturdays and Sundays.' It was of course a joke - you should have seen their faces! The 'letters' of reply the children wrote were fantastic though. Their indignation plain to see! I am sure they will get their revenge at some time in the future. Mrs Hatch

Headteacher's Award

Millie

...for her kind and caring nature

Better Late than Never!

Many thanks for taking the time to send in your World Book Day photos last week. It has been lovely to see children gathering around the display, talking about their favourite photos, books, etc. And finally yesterday the children got to share their favourite book with a muffin over breakfast - only one week later than planned!

Tiger Class

Savannah

...for great phonics work.

Lion Class

Rowan

...for thinking for himself and working independently.

Jaguar Class

Ellie

...for confident problem solving involving converting measures.

Science Workshop

Herbie reports:

On Wednesday 7th March, Harry, Sadie Eve and I went to Bedale High School for a science workshop. Once we got there, we got a booklet about the 'plastic problem'. First we answered some questions about pollution and then did a quiz. One of the questions was, 'How long could a plastic bottle power a lightbulb for? '. The answer was 6 hours! Then we talked about monomer and polymer chains. We then made slime; everyone used different amounts of boric acid to make it. We thought that it was really fun and we can't wait to go again.

Coming up this term...

Sunday 11th March

9.30 Mothers' Day Service at St Nicholas
